Practical Support for Children, Young People & Families

YOUTH COLLECTIVE PROGRAMS

CELEBRATE SAFELY PROGRAM

Celebrate Safely coaches young people with helpful tips and reliable, accurate information about being aware, responsible, and safe while partying. It educates young people with a harm minimisation approach through scenario-based training, delivered in a fun and engaging manner.

This program enables young people to develop important skills to navigate the challenges they may face socially with drug and alcohol consumption, encouraging them to make informed and positive choices.

For more information about RYSS, the Youth Collective Programs delivered in Central Coast high schools and resources for parents and young people visit
